RBI has released circular on – 'Harmonisation of Turn Around Time (TAT) and customer compensation for failed transactions using authorised Payment Systems' on September 20, 2019. In this connection, RBI has put in place a framework on Turn Around Time (TAT) for resolution of customer complaints and compensation framework across all authorised payment systems.

It may be noted that:

- the prescribed TAT is the outer limit for resolution of failed transactions; and
- the banks and other operators / system participants shall endeavor towards quicker resolution of such failed transactions.

Wherever financial compensation is involved, the same shall be affected to the customer's account *suo moto*, without waiting for a complaint or claim from the customer.

Customers who do not get the benefit of redress of the failure as defined in the TAT, can register a complaint to the Integrated Ombudsman of Reserve Bank of India.

General Instructions covering the TAT:

1. The principle behind the TAT is based on the following:
 - a. If the transaction is a 'credit-push' funds transfer and the beneficiary account is not credited while the debit to originator has been affected, then credit is to be affected within the prescribed time period failing which the penalty has to be paid to the beneficiary;
 - b. If there is delay in initiation of a transaction at the originator bank's end beyond the TAT, then penalty has to be paid to the originator.

2. A '*failed transaction*' is a transaction which has not been fully completed due to any reason not attributable to the customer such as failure in communication links, non-availability of cash in an ATM, time-out of sessions, etc. Failed transactions shall also include the credits which could not be affected to the beneficiary account on account of lack of full information or lack of proper information and delay in initiating a reversal transaction.
