[Monthly Average Balance is calculated by taking the average of the end of day/daily closing balances in the account in a given month. The average is calculated by adding the closing day balances for all the days in the month and dividing it by the number of days in the given month. i.e., MAB = Sum of all the daily closing balances, divided by Number of days in the month.]

The changes in charges relate only to non-maintenance of MAB in the concerned Savings Bank Account. There shall be no changes with regard to maintenance of requisite thresholds in Fixed Deposit and/or Recurring Deposit in conformity with the prevailing terms and conditions (as alternatives of maintenance of MAB in the Savings Bank Account).

Further, the other charges mentioned in Schedule of Charges as notified on the Notice Board at the branches/offices of the Bank and on the website of the Bank will remain the same. Please visit our website [www.ujjivansfb.in](http://www.ujjivansfb.in) or contact our branch for more details.
