## (b) the method used and the assumptions made to incorporate the effects of expected early exercise

At present we do not have any plan of early exercise.

# (c) how expected volatility was determined, including an explanation of the extent to which expected volatility was based on historical volatility

At the time of grant of the ESOP/ ESPS the Bank was an unlisted entity and hence it has considered industry volatility as a base.

## (d) whether and how any other features of the options granted were incorporated into the measurement of fair value, such as a market condition

No other features apart from that disclosed above were incorporated into the measurement of fair value of the option/offer.
